

Lifeconcept®

DINNERWARE / SERVEWARE / BEVERAGE VESSELS - TEA & COFFEE

A dish
for every
culinary creation.

Lifeconcept®

Tableware for hospitality.

Making tableware is our speciality; we believe that the dishes we bring to your table should be impactful, original, and have as big a connection to nature as the food served on them.

Restaurants will always demand practical functionality; chefs will always insist on the wow factor that we aim to deliver by making innovative, luxurious pieces made from earthy looking clays and glazes.

The Life Concept® collection will enhance any culinary creation with designs that excite as we strive to reflect the abundant and inspiring richness of the natural world.

Styles may change but the quality of our collections, which are made by skilled craftspeople with love and meticulous attention to detail, will remain.

If you would like to enquire about distributing or purchasing any of our lines or to discuss creating a bespoke range, please get in touch.
